PROFESSIONAL SUMMARY

Python Full-Stack Developer and Team Lead with 1 year of experience and an **MCA from IIT Patna (Pursuing)**. Expert in architecting complex backend systems using **Django and DRF**, currently leading a 4-member team to deliver real-time telecom solutions (**RMS & Pushpak**). Proven track record in building core business logic and fulfilling high-level client requirements through technical leadership and advanced Python development.

PROFESSIONAL EXPERIENCE

Senior Software Developer

Shroti Telecom Pvt. Ltd. | Bhopal, MP

Nov 2025 – Present

Roles & Responsibilities:

- **Django Architecture:** Designed and implemented the backend for **RMS** and **Pushpak** using the Django framework, ensuring a robust MVT (Model-View-Template) structure.
- **REST API Development:** Developed secure and scalable APIs using **Django REST Framework (DRF)** to enable seamless communication between telecom hardware and the web interface.
- **Core Logic Development:** Engineered the primary backend logic to process raw data feeds from remote telecom sites into actionable insights.
- **Team Leadership:** Currently leading a **4-member team**, overseeing sprint planning, code reviews, and ensuring the fulfillment of complex client requirements.
- **Database Design:** Optimized MySQL schemas to handle high-frequency data logs from thousands of remote monitoring points.

Junior Software Developer

Shroti Telecom Pvt. Ltd. | Bhopal, MP

Nov 2024 – Oct 2025

Roles & Responsibilities:

- **Database Management:** Oversee and maintained the company's database systems.
- **Website Management:** Manage and update the company's websites.
- **Software Development:** Design, develop, and test software applications tailored to business needs.
- **Web Development:** Build and maintain web applications using frameworks like Django.
- **Coding:** Write clean, efficient, and well-documented Python code to ensure readability and maintainability.
- **Debugging:** Diagnose and resolve software errors, while optimizing application performance.
- **Testing:** Develop and execute unit tests, integration tests, and system tests to ensure code quality and functionality.
- **Collaboration:** Work closely with cross-functional teams and communicate effectively to achieve project goals.

Internship – Software Developer
Netligent Technologies LLP | Bhopal, MP
August 2024 – Nov 2024

Projects:

- **Tesla Website:** Developed and maintained scalable web applications of Tesla's electric vehicle ecosystem using cutting-edge technologies.
- **Portfolio:** Design Portfolio Website using HTML, CSS, & JavaScript.

CORE TECHNICAL SKILLS

- **Frontend:** HTML, CSS & JavaScript.
- **Backend:** C++, Python, & Django.
- **Database:** SQL, & MYSQL.
- **Tools:** Visual Studio Code & Integrated Development Learning Environment.
